5 Anti-loose Nuts (M10*P1.5) x2

6 M10 Washers x2

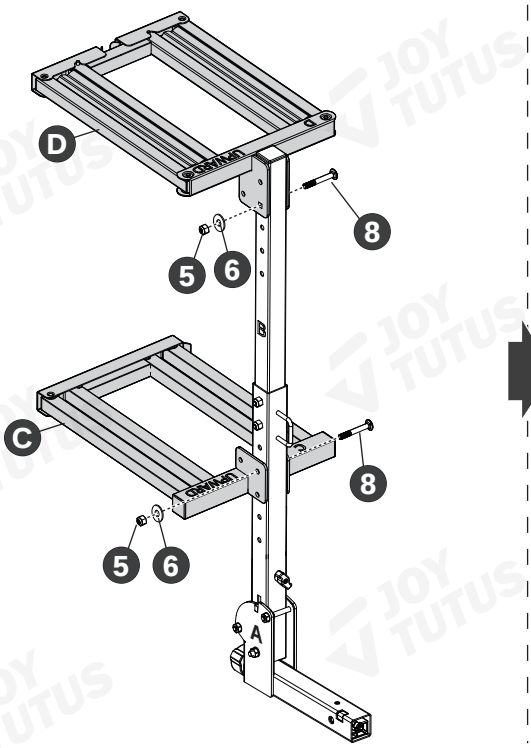
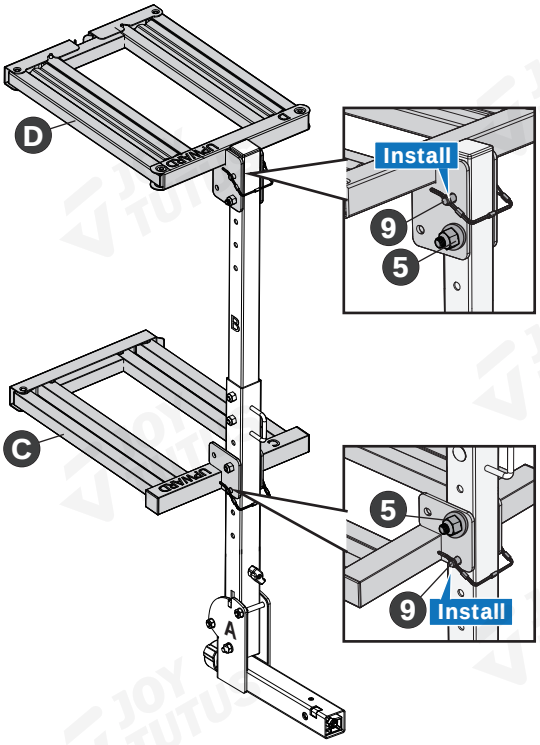
8 Carriage Bolts (M10*P1.5*L75) x2

9 D-shaped Pins x2



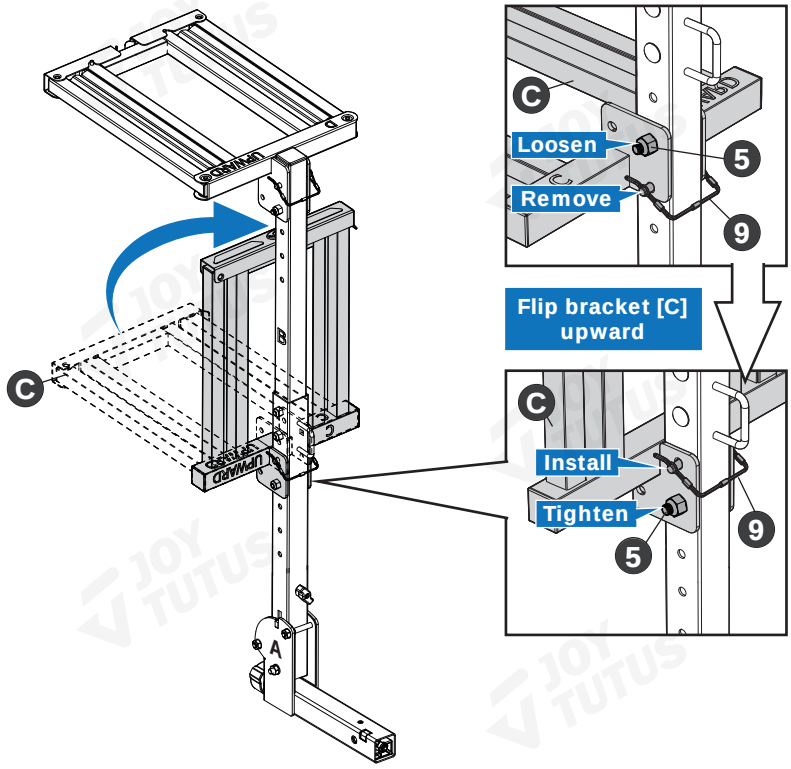


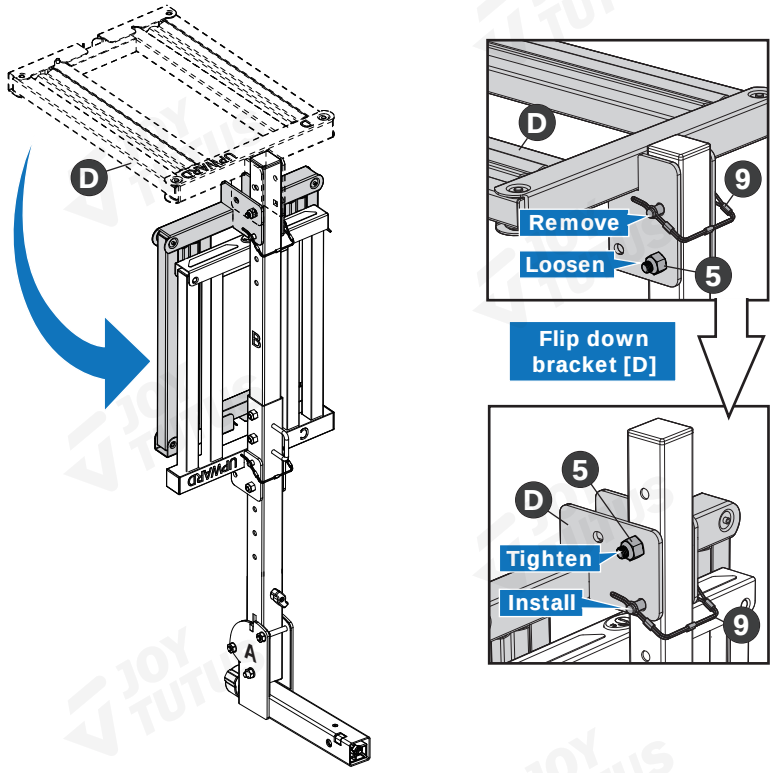
FUNCTION DISPLAY

Storage brackets [C] and [D]

Fold down the rack without ski boards. First, take out the D-shaped latch and fold down the main rack. Then insert the D-shaped pin once it's settled. Follow the same steps for the upper and bottom main racks.

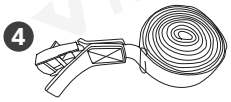
NOTE: The order of this step is important. Bottom main rack needs to be folded up first, and then fold the upper main rack down.





Loading ski boards

Required accessories:



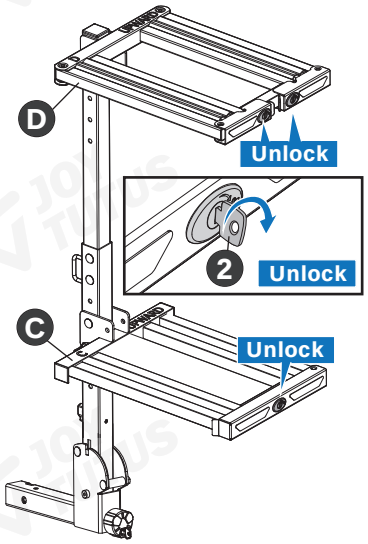
Pull Straps x2

Webbing Buckles x4

Rubber Tubes x2

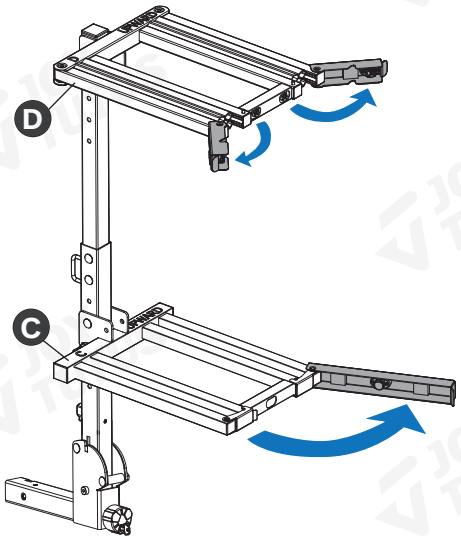
STEP 1

Use the key to unlock.



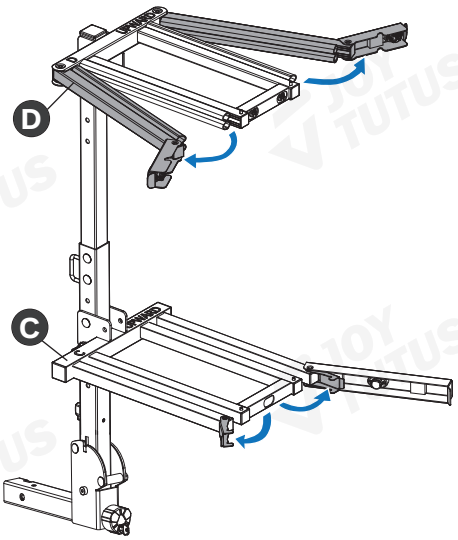
STEP 2

Open the outer cover.



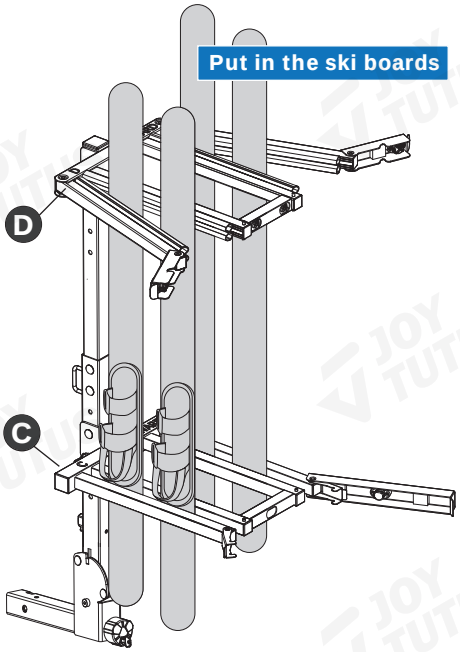
STEP 3

Open the inner cover.



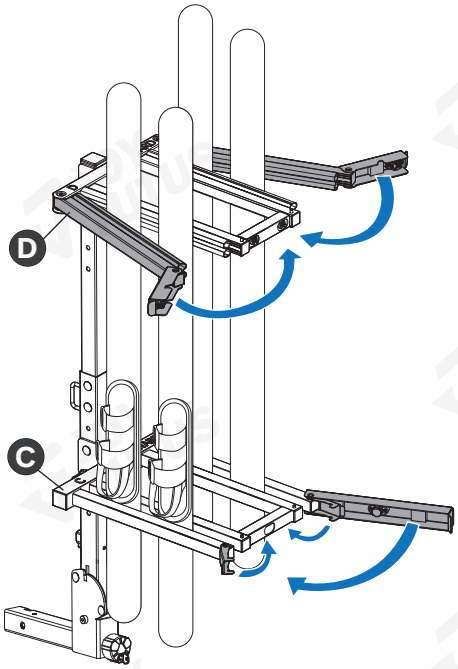
STEP 4

Load the ski boards.



STEP 5

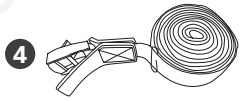
Close the inner and outer cover.



STEP 6

Lock the outer cover. After loading the boards, use the strap to loop them with the rack.

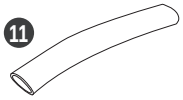
Required accessories:



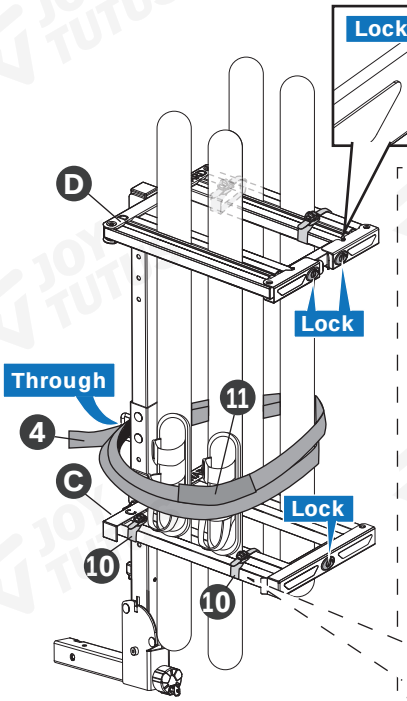
Pull Straps x2

Equipped with two pull straps, it is possible to bind two when necessary.

Webbing Buckles x4

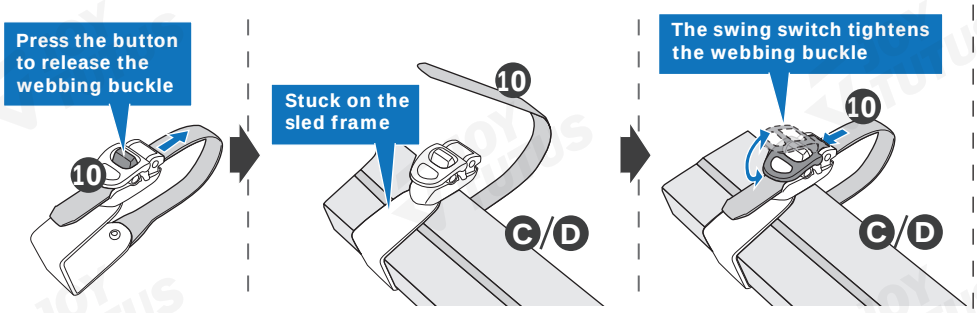


Rubber Tubes x2



The usage method of webbing buckle 10

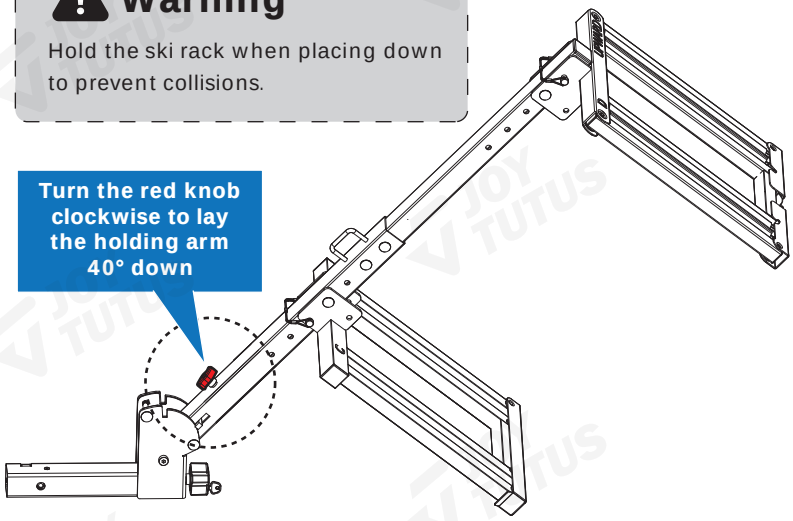
NOTE:
For skis without bindings, use the upper bracket.
For skis with bindings, use the lower braket to prevent collisions.



Tilt-Away Feature for Trunk Access

Warning

Hold the ski rack when placing down to prevent collisions.



Required accessories:

Open-end Wrench (S=13-17) x1
